

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brent Yard
DOCKET NO.: 19-44092.001-R-1
PARCEL NO.: 06-23-211-029-0000

The parties of record before the Property Tax Appeal Board are Brent Yard, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,934
IMPR.: \$15,340
TOTAL: \$18,274

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 42-year-old, one-story, single-family dwelling of frame construction with 1,288 square feet of living area. Features of the home include: an unfinished full basement and a two-car garage. The property has an 8,385 square foot site and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables.

The appellant also submitted two memoranda: "Impact of Covid-19 Residential Real Estate Market" and "Request for Relief" which argue that the Covid-19 pandemic has generally

affected real estate market values in March and April of 2020. The appellant then argues that the assessment of the subject property is overvalued due to the Covid-19 pandemic.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,274. The subject property has an improvement assessment of \$15,340 or \$11.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables.¹ They are improved with a one-story, single-family dwelling of frame construction, located within a quarter of a mile of the subject property with one comparable property being within a block of the subject property. The improvements were each 42 years old and 1,288 square feet of living area. They ranged in assessment from \$12.74 to \$13.98 per square foot. Two of the comparable properties had an unfinished full basement and two of the comparable properties had a slab foundation. Additionally, two of the comparable properties had central air conditioning and each had a garage of varying size.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #5 and the board of review comparables #1, #2, and #4*. These comparables had improvement assessments that ranged from \$8.07 to \$13.98 per square foot of living area. The subject's improvement assessment of \$11.91 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

Additionally, although argued with generalities, the appellant failed to provide sufficient evidence or argument to show the Covid-19 pandemic affected the market value of the subject property as of January 1, 2019.

Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed or by a preponderance of the evidence that the subject property's market value is less than the assessed value and a reduction in the subject's assessment *is not* justified.

¹ The board of review's comparables #2 and #3 are the same property and as such comparable #3 is disregarded.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
