

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick O'Flaherty
DOCKET NO.: 19-44229.001-R-1
PARCEL NO.: 16-09-409-005-0000

The parties of record before the Property Tax Appeal Board are Patrick O'Flaherty, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,213
IMPR.: \$20,494
TOTAL: \$23,707

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,780 square foot parcel of land improved with a 15-year-old, three-story, masonry, multi-family dwelling, containing 4,176 square feet of living area. The property is located in Chicago, West Chicago Township, Cook County and is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, appellant submitted sales information of four comparable properties that sold between August 2017 and August 2018 for prices ranging between \$29.09 to \$56.77 per square foot of living area. The comparable sales properties were multi-family dwellings of either masonry or masonry and frame construction, and between 3,610 and 4,016 square feet of living area. In Section II of the appeal form, appellant stated that the subject is not owner-occupied. Based on this evidence, appellant requested a reduction in the subject property's assessment to \$19,102.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$26,760, with an improvement assessment of \$23,547, or \$5.64 per square foot of living area. The subject's assessment reflects a market value of \$267,600, or \$64.08 per square foot of living area when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted four sales comparable properties. The comparable properties were either 1.5-story or two-story, between 99 and 120 years old, multi-family dwellings of either frame or masonry construction and ranged in size between 1,368 and 2,502 square feet of living area. The comparable properties sold between August 2018 and May 2019 for prices between \$200,000 and \$282,000, or from \$99.32 to \$146.20 per square foot of living area. The board of review also listed a sale of the subject in November 2019 for \$240,000 or \$57.47 per square foot of living area.

Conclusion of Law

Appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's sales comparables #1, #3, and #4 as well as the sale of the subject in 2019. The comparable properties were closest to the subject property in living square footage and sold for prices ranging between \$40.50 to \$56.77 per square foot of living area. The subject sold for \$57.47 per square foot of living area. The subject's current assessment of \$64.08 reflects a market value above the market value range established by the best comparables in this record and the subject's sale. Based on this record, the Board finds appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
