

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Koufopoulos
DOCKET NO.: 19-44455.001-R-1
PARCEL NO.: 10-18-118-015-0000

The parties of record before the Property Tax Appeal Board are Nancy Koufopoulos, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,240
IMPR.: \$46,768
TOTAL: \$53,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 7,800 square foot parcel of land improved with a 10-year old, two-story, masonry, single-family dwelling containing 2,960 square feet of building area. Amenities include: three and one-half baths; a full, finished basement, air-conditioning, and a two-car garage. The property is located in Morton Grove, Niles Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted six sales comparables. The appellant listed four of these comparables on a grid and included photographs and details of these properties and two additional properties. The comparables are described as two-story, masonry or frame and masonry, single-family dwellings. They range in age from four to 60 years and in size from

2,442 to 3,705 square feet of building area. They sold February 2017 to March 2020 for prices ranging from \$116.41 to \$188.37 per square foot of building area.

The appellant did not contend overassessment but did submit four equity comparables. These comparables are two-story, masonry or frame and masonry, single-family dwellings. They range: in age from one to 32 years; in size from 2,616 to 2,850 square feet of building area; and in improvement assessment from \$12.47 to \$16.54 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$53,008 which reflects a market value of \$530,080 or \$179.08 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%. The improvement assessment is \$46,768 or \$15.80 per square foot of building area.

In support of the assessment the board of review submitted four comparables. The comparables are described as two-story, frame or masonry or frame and masonry, single-family dwellings. They range in age from four to 53 years and in size from 2,598 to 3,594 square feet of building area. They sold from June 2016 to September 2018 for prices ranging from \$222.59 to \$288.68 per square foot of building area. They have improvement assessments from \$15.97 to \$21.40 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables. These comparables had sales prices ranging from \$116.41 to \$188.37 per square foot of building area. The remaining comparables were given less weight due to differences in location. In comparison the subject's assessment reflects a market value of \$179.08 per square foot of building area is below the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified. Moreover, the Board finds the subject's improvement assessment is also within the range of the appellant's comparables and a reduction based on equity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
