

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Ungari
DOCKET NO.: 19-44677.001-R-1
PARCEL NO.: 02-05-200-014-0000

The parties of record before the Property Tax Appeal Board are Frank Ungari, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,065
IMPR.: \$29,525
TOTAL: \$45,590

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 77-year-old, one-story, single-family dwelling of masonry construction with 2,297 square feet of living area. The property has an 80,325 square foot site and is located in Barrington, Palatine Township, Cook County. Features of the home include a slab foundation, a fireplace and a two-car garage. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation based on a recent sale. The appellants presented evidence that the subject property was sold on July 24, 2019, for a price of \$310,000. The appellant(s) completed Section IV - Recent Sale Data of the PTAB residential appeal form and disclosed that the parties to the transaction were not related, the property was sold by the owner, the property had not been advertised on the open market, and it was not a foreclosure sale. The appellants did not disclose if or for how long the property had been on the market before it was

sold. The appellants also submitted a copy of the settlement statement and a real estate contract that indicated that purchase was a cash sale. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price of \$310,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,590. The subject's assessment reflects a market value of \$455,900 or \$198.48 per square foot of living area, land included, when applying the 10% Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The appellants presented evidence that the subject property was sold on July 24, 2019, for a price of \$310,000. The appellants completed Section IV - Recent Sale Data of the PTAB residential appeal form and disclosed that the parties to the transaction were not related and the sale of property was not the subject of a foreclosure. The appellant disclosed that the subject was not advertised for sale prior to its purchase.

The board gives significantly diminished weight to the July 24, 2019 sale of subject property because it not exposed to the open market. Illinois law requires that all real property "shall be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale." (Ill. Rev. Stat. 1971, ch. 120, par. 501.) Fair cash value is normally associated with fair market value: what the property would bring at a voluntary sale where the owner is ready, willing and able to sell but not compelled to do so and the buyer is likewise ready, willing and able to buy, but not forced to do so. (See, e.g., *People ex rel. McGaughey v. Wilson (1937)*, 367 Ill. 494, 12 N.E.2d 5.) This is theoretically an objective standard of valuation; the value of particular property is set by the forces of the marketplace at a given place and time. The Property Tax Appeal Board finds the subject's lack of open market exposure fails to meet a fundamental requirement to be considered an arm's-length transaction reflective of fair cash value.

The Board finds the appellant did not prove by a preponderance of the evidence that the market value of the subject property is not accurately reflected in its assessed valuation. The Board therefore finds that a reduction in the subject's assessment on the evidence provided by the appellant is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
