

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keri Kramer  
DOCKET NO.: 19-44900.001-R-1  
PARCEL NO.: 13-22-405-009-0000

The parties of record before the Property Tax Appeal Board are Keri Kramer, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,800  
**IMPR.:** \$33,099  
**TOTAL:** \$37,899

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,870 square feet of living area. The dwelling is approximately 110 years old and has an unfinished basement. The property has a 3,000 square foot site located in Chicago, Jefferson Township, Cook County. The subject dwelling is classified as a Class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and .9 of a mile to 1.3 miles from the subject. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,810 to 2,150 square feet of living area. The dwellings range in age from 110 to 120 years old and have basements, three of which have finished area. Two comparables

each have central air conditioning, and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$20,288 to \$23,126 or from \$9.44 to \$12.78 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$21,318 or \$11.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,899. The subject property has an improvement assessment of \$33,099 or \$17.70 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject and .25 of a mile from the subject. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,752 to 1,984 square feet of living area. The dwellings range in age from 108 to 130 years old. Two comparables have either a concrete slab or a crawl space foundation, and two comparables each have an unfinished basement. Each comparable has either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,806 to \$37,783 or from \$18.29 to \$20.61 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration, seven of which have a garage which is not a feature of the subject. The Board gives less weight to the appellant's comparables due to differences in their location, basement finish and/or central air conditioning when compared to the subject. The Board also gives less weight to the board of review comparables #2 and #3 which lack a basement, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #4. These comparables are similar to the subject in location, age, dwelling size, and foundation, except each comparable has a garage, unlike the subject. These two comparables have improvement assessments of \$37,783 and \$33,806 or \$19.04 and \$18.29 per square foot of living area, respectively. The subject's improvement assessment of \$33,099 or \$17.70 per square foot of living area falls below the two best comparables in this record, which is logical since the subject lacks a garage. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
