

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Shields
DOCKET NO.: 19-45120.001-R-1
PARCEL NO.: 24-14-419-035-0000

The parties of record before the Property Tax Appeal Board are David Shields, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,214
IMPR.: \$24,286
TOTAL: \$30,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of frame and masonry construction with 3,341 square feet of living area. The dwelling is 74 years old as of the relevant tax year. The property is situated on a parcel of land with 6,542 square feet, and is located in Lake Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was transferred to 3406, LLC by its manager, David Shields, from Michael A. Pulliam. on May 24, 2019 for a price of \$305,000 in a cash transaction. In support the appellant provided the Settlement Statement which indicated a realtor was involved in the transaction. The appellant also indicated the transfer was between unrelated parties, was listed on the market for three months, and was not sold pursuant to any compulsory action. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its Notes on Appeal disclosing the subject's current assessed value of \$41,557. The subject's assessment reflects a market value of \$415,570, or \$124.38 per square foot of living area, including land, when applying the statutory level of assessment of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review also submitted information on one sale comparable and three equity comparables. The grid sheet also reflected the sale of the subject in June 2019 for \$305,000, or \$91.29 per square foot, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the undisputed purchase of the subject property in May 2019 for a price of \$305,000. The appellant indicated the transaction had elements of an arm's-length transaction through the completion of Section IV - Recent Sale Data of the Property Tax Appeal Board's residential appeal form. It disclosed that the parties to the transaction were not related, the property was sold using a realtor, and the property had been advertised on the open market through the Multiple Listing Service. The appellant also submitted evidence in support of the sale including a copy of the settlement statement.

The Board also finds the purchase price is below the market value reflected by the assessment. The board of review did not present sufficient evidence to challenge the arm's length nature of the transaction or provide evidence that this sale was compulsory.

Based on this record the Board finds the subject property had a market value of \$305,000 as of January 1, 2019. Since market value has been determined, the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10% shall apply. A reduction in the subject's assessment commensurate with the appellant's request is therefore appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
