

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Cook  
DOCKET NO.: 19-45584.001-R-1 through 19-45584.003-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Patricia Cook, the appellant, by attorney Anthony M. Farace, of Amari & Locallo in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
19-45584.001-R-1	17-03-200-087-1004	3,623	288,806	\$292,429
19-45584.002-R-1	17-03-200-087-1033	116	9,294	\$9,410
19-45584.003-R-1	17-03-200-087-1034	116	9,294	\$9,410

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a condominium unit with 3,095 square feet of living area and two parking spaces. The dwelling was constructed in 2016. Features of the home include central air conditioning, three full bathrooms, and a half bath. The property is located in Chicago, North Chicago Township, Cook County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on March 30, 2016, for a price of \$2,220,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$311,249, which includes \$292,429 for the condominium unit and \$9,410 for each of the two parking spaces. The subject's assessment reflects a market value of \$2,924,290 for the condominium unit or \$944.84 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%. It also reflects a value of \$94,100 for each of the parking spaces.

In support of its contention of the correct assessment the board of review submitted information on numerous comparable sales.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The appellant presented evidence indicating that the subject property sold for a total of \$2,220,000 on March 30, 2016. The evidence included a purchase agreement and a warranty deed. The purchase agreement reflected a price of \$2,100,000 for the condominium unit and \$120,000 for the two parking spaces. Furthermore, the appellant completed Section IV - Recent Sale Data of the residential appeal form, disclosing that the parties to the transaction were not related, the property was sold using a realtor, and the property had been advertised on the open market with the Multiple Listing Service for one day.

The Board finds the best evidence of market value of the subject condominium unit in the record to be the above sale and six comparable sales submitted by the board of review of condominium units in the same building with the same size living areas as appellant's unit or slightly larger living areas. These sales took place between June 7, 2016, and May 6, 2019. The subject condominium unit and the six comparable condominium units sold for prices ranging from \$678.51 to \$1,149.43 per square foot of living area, including land. The subject condominium unit's assessment reflects a market value of \$944.84 per square foot of living area, including land, which is *within* the range established by the best comparable sales in this record.

The Board further finds that the best evidence of market value of the subject parking spaces to be the sales of the subject parking spaces and five comparable sales of parking spaces in the same building that took place between May 6, 2019, and August 27, 2019. The subject parking spaces and the five comparable parking spaces in the same building sold for prices ranging from \$60,000 to \$122,004. The subject parking spaces were each assessed at \$9,410, reflecting a value of \$94,100, which is within the above range. Based on this record the Board finds the subject's assessment *is* reflective of market value and a reduction in that assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
