

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erica Schein
DOCKET NO.: 19-45607.001-R-1
PARCEL NO.: 10-28-123-031-0000

The parties of record before the Property Tax Appeal Board are Erica Schein, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,400
IMPR.: \$23,204
TOTAL: \$27,604

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 65-year-old, multi-level, single-family dwelling with 1,008 square feet of building area of frame and masonry construction. The property has a 5,500 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument the appellant submitted information on four comparable sales. The comparables are described as multi-level, single-family homes of masonry construction. They range in age from 33 to 59 years and in size from 1,490 to 1,984 square feet of building area. They sold from November 1996, to February 2004, for prices ranging from \$135.50 to \$223.22 per square foot of building area.¹

¹ In their appeal, the appellant lists the sales price per square foot for comparables #1, #2, #3, and #4, as \$15.69, \$15.73, \$15.82, and \$14.50, respectively. However, the respective comparable sales prices were \$347,500,

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,604. The subject's assessment reflects a market value of \$276,040 or \$273.85 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four comparables. The comparables are described as multi-level, single-family dwellings of frame and masonry construction. They range in age from 47 to 67 and in size from 1,190 to 1,431 square feet of building area. They sold from March 2018, to July 2019, for prices ranging from \$276.03 to \$312.50 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of market value to be the *board of review comparable sales #1, #3, and #4*. These comparables sold for prices ranging from \$288.84 to \$312.50 per square foot of building area. The remaining properties were accorded diminished weight due to a disparity in location, exterior construction, style, age, size, amenities, and/or the remoteness of the sales date. The subject's assessment reflects a market value of \$273.85 per square foot of building area, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment *is not* justified.

\$300,000, \$250,000, and \$412,000, for the respective square foot of living area: 1,490, 1,772, 1,845, and 1,984. Thus, the proper sales prices per square foot for comparables #1, #2, #3, and #4 are \$223.22, \$169.30, \$135.50, and \$207.66 respectively. The Board has used the correct market values per square foot for the appellant's sale comparables in its analysis."

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
