

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Curry
DOCKET NO.: 19-47030.001-R-1
PARCEL NO.: 07-18-409-032-0000

The parties of record before the Property Tax Appeal Board are George Curry, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,225
IMPR.: \$28,786
TOTAL: \$33,011

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 40-year-old, two-story single-family dwelling of frame construction. Features of the home include 2,232 square feet of living area, a partial unfinished basement, central air conditioning, one fireplace and a two-car garage. The property has a 6,500 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-78, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts overvaluation and assessment inequity in this appeal.

In support of the overvaluation argument, the appellant submitted evidence of four suggested comparable sales. The comparables were single-family dwellings of either frame and masonry construction or frame construction. They range in size from 2,083 to 2,792 square feet of

building area. They sold from December 2017 to January 2019 for prices ranging from \$125.36 to \$153.95 per square foot of building area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The appellant also presented evidence on four equity comparables in support of the assessment inequity argument. The improvements were 43 years of age and ranged in improvement assessment from \$12.06 to \$13.41 per square foot of living area.

The "Board of Review Notes on Appeal" disclosed the total assessment for the subject of \$35,911. The subject property has an improvement assessment of \$31,686 or \$14.20 per square foot of living area. The subject's assessment reflects a market value of \$359,110 or \$160.89 per square foot of living area, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted sales and equity information on three suggested comparables. They are improved with a two-story single-family dwelling of frame construction, located within a ¼ mile radius of the subject with one comparable located within a block of the subject. The improvements were 43 years of age and ranged in size from 2,136 to 2,198 square feet of living area and in assessment from \$14.34 to \$14.78 per square foot. The comparables sold from June 2017 to October 2019 for prices ranging from \$155.92 to \$172.63 per square foot of building area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #1, #3 and #4. These three comparables had sales prices ranging from \$125.36 to \$153.95 per square foot of building area, land included. The remaining comparables were given less weight due to differences in size. In comparison the subject's assessment reflects a market value of \$160.89 per square foot of building area is above the range of the best comparables in this record. Based on this record the Board finds the appellant demonstrated by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is justified. Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed. See Central Nursing Realty, LLC v. Illinois Property Tax Appeal Board, 2020 IL App (1st) 180994, ¶¶ 34-36.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
