

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Wiesman
DOCKET NO.: 19-47710.001-R-1
PARCEL NO.: 29-04-211-060-0000

The parties of record before the Property Tax Appeal Board are John Wiesman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,575
IMPR.: \$10,214
TOTAL: \$11,789

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,922 square feet of living area. The dwelling is approximately 54 years old and has a basement with an apartment. The property has a 4,500 square foot site and is located in Riverdale, Thorton Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that have the same neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 2,538 to 2,911 square feet of building area. The buildings are from 51 to 125 years old. The appellant reported each comparable has a basement one of which has

finished area, and two comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$4,513 to \$7,480 or from \$1.76 to \$2.88 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$6,428 or \$2.20 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,789. The subject property has an improvement assessment of \$10,214 or \$3.50 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that have the same neighborhood code as the subject. The comparables are improved with class 2-11, two-story multi-family buildings of masonry exterior construction ranging in size from 2,922 to 3,207 square feet of building area. The buildings are from 52 to 55 years old. The board of review reported each comparable has a basement with an apartment, and two comparables have either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$11,673 to \$12,981 or from \$3.64 to \$4.44 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 due to their older ages and/or differences in dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity in the record to be the board of review comparables #1, #3 and #4. These comparables are more similar to the subject in location, age, dwelling size, and foundation type, except one comparable has a garage, which is not a feature of the subject. These three comparables have improvement assessments ranging from \$12,237 to \$12,981 or from \$4.05 to \$4.44 per square foot of building area. The subject's improvement assessment of \$10,214 or \$3.50 per square foot of building area falls below the range established by of the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
