

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: VPP Holdings, LLC
DOCKET NO.: 19-47712.001-R-1
PARCEL NO.: 29-11-119-027-0000

The parties of record before the Property Tax Appeal Board are VPP Holdings, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,722
IMPR.: \$3,608
TOTAL: \$5,330

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 925 square feet of living area. The dwelling is approximately 62 years old. Features of the home include an unfinished basement, central air conditioning and a 2-car garage. The property has a 4,920 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-02 dwellings of frame exterior construction ranging in size from 660 to 998 square feet of living area. The dwellings range in age from 94 to 110 years old. Each

comparable has an unfinished basement, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$1,742 to \$2,864 or from \$2.63 to \$3.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$2,581 or \$2.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,330. The subject property has an improvement assessment of \$3,608 or \$3.90 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject property. The comparables are improved with class 2-02 or 2-03, 1-story dwellings of frame exterior construction ranging in size from 906 to 1,060 square feet of living area. The dwellings are 62 or 63 years old. One comparable has an unfinished basement. Three comparables each have a concrete slab foundation and central air conditioning. Each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$3,564 to \$5,229 or from \$3.85 to \$5.65 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 due to significant differences in age and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 which are identical or very similar to the subject in location, age and dwelling size. However, one comparable lacks central air conditioning and the other two comparables lack a basement, which are features of the subject property. These three comparables have improvement assessments ranging from \$3,564 to \$5,229 or from \$3.85 to \$5.65 per square foot of living area. The subject's improvement assessment of \$3,608 or \$3.90 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
