

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: VPP Holdings, LLC
DOCKET NO.: 19-47713.001-R-1
PARCEL NO.: 29-11-313-017-0000

The parties of record before the Property Tax Appeal Board are VPP Holdings, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,406
IMPR.: \$5,123
TOTAL: \$7,529

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,104 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a basement with finished area, central air conditioning and a 2-car garage. The property has a 6,875 square foot site and is located in South Holland, Thornton Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,282 to 2,016 square feet of living area. The dwellings are from 52 to 56 years old. Each

comparable has a basement with finished area, central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$5,295 to \$8,145 or from \$4.04 to \$4.15 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$4,548 or \$4.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,529. The subject property has an improvement assessment of \$5,123 or \$4.64 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same assessment neighborhood code, same street and same block as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction with each having 1,104 square feet of living area. The dwellings are each 50 years old. Each comparable has a basement with finished area, central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments of \$6,061 and \$6,136 or of \$5.49 and \$5.56 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and dwelling size than the board of review comparables.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same street and block as the subject and are identical to the subject in age, dwelling size, and other features. These four comparables have improvement assessments of \$6,061 and \$6,136 or of \$5.49 and \$5.56 per square foot of living area. The subject's improvement assessment of \$5,123 or \$4.64 per square foot of living area falls below the improvement assessments of the four best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
