

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blue Chair Capital, LLC
DOCKET NO.: 19-47743.001-R-1
PARCEL NO.: 25-20-218-003-0000

The parties of record before the Property Tax Appeal Board are Blue Chair Capital, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,031
IMPR.: \$6,795
TOTAL: \$8,826

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,045 square feet of living area. The dwelling is approximately 51 years old. Features of the home include a basement with finished area and central air conditioning. The property has a 3,125 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,056 to 1,286 square feet of living area. The homes range in age from 88 to 110 years old. Each

comparable has an unfinished basement and central air conditioning. The comparables have improvement assessments that range from \$4,575 to \$5,821 or from \$4.33 to \$4.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$4,734 or \$4.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,826. The subject property has an improvement assessment of \$6,795 or \$6.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code and located in the same block as the subject property. Each comparable is improved with 1-story class 2-03 dwellings of masonry exterior construction with 1,040 or 1,120 square feet of living area. The homes range in age from 52 to 56 years old. Each comparable has a basement with two having finished area. One comparable has central air conditioning. Three comparables each have a two-car garage. The comparables have improvement assessments that range from \$7,322 to \$8,269 or from \$7.04 to \$7.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables which differ from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in age and dwelling size with varying degrees of similarity in other features. In addition, the comparables are located on the same block as the subject. Two comparables lack basement finish and three comparables lack central air conditioning which are features of the subject. Three comparables each have a garage which the subject lacks. Nevertheless, these comparables have improvement assessments that range from \$7,322 to \$8,269 or from \$7.04 to \$7.95 per square foot of living area. The subject's improvement assessment of \$6,795 or \$6.50 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
