

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Terence Raser  
DOCKET NO.: 19-47752.001-R-1  
PARCEL NO.: 25-07-320-018-0000

The parties of record before the Property Tax Appeal Board are Terence Raser, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,525  
**IMPR.:** \$39,950  
**TOTAL:** \$52,475

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,280 square feet of living area. The dwelling is approximately 93 years old. Features of the home include a basement with finished area, one fireplace, and a 2-car garage. The property has a 12,525 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of masonry exterior construction ranging in size from 3,658 to 4,068 square feet of living area. The homes range in age from 81 to 105 years old. Each comparable

has a basement with two having finished area and a 2-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$34,301 to \$43,078 or from \$8.43 to \$10.77 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$33,226 or \$10.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,475. The subject property has an improvement assessment of \$39,950 or \$12.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of masonry exterior construction ranging in size from 3,086 to 3,881 square feet of living. The homes range in age from 89 to 93 years old. Each comparables has a basement with two having finished area, one fireplace, and a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$43,871 to \$50,051 or from \$12.69 to \$14.22 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 due to their dissimilar dwelling sizes and/or lack of basement finish when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 and #3 which are more similar to the subject in age, dwelling size and most features. These comparables have improvement assessments of \$43,871 and \$50,051 or of \$13.79 and \$14.22 per square foot of living area. The subject's improvement assessment of \$39,950 or \$12.18 per square foot of living area falls below the improvement assessments of the two best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
