

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sunrise One Properties, LLC
DOCKET NO.: 19-47938.001-R-1
PARCEL NO.: 31-03-202-142-0000

The parties of record before the Property Tax Appeal Board are Sunrise One Properties, LLC, the appellant, by attorney Gregory P. Diamantopoulos, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,456
IMPR.: \$4,032
TOTAL: \$5,488

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story townhome of frame exterior construction containing 1,162 square feet of living area. The dwelling is approximately 40 years old. The home features a concrete slab foundation, central air conditioning, and a one-car garage. The property has a 1,942 square foot site and is located in Country Club Hills, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-95 townhomes of frame exterior construction that range in size from 1,161 to 1,248 square feet of living area and range in age from 38 to 46 years old. Three comparables

have concrete slab foundations and one comparable has a full unfinished basement. Two comparables have central air conditioning and three comparables each have a one-car garage. The comparables have improvement assessments ranging from \$903 to \$3,314 or from \$.77 to \$2.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$2,463 or \$2.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,488. The subject has an improvement assessment of \$4,032 or \$3.47 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code and block as the subject. The comparables are improved with one-story, class 2-95 townhomes of frame exterior construction that have 1,162 square feet of living area and are 40 years old. Each comparable features a concrete slab foundation, central air conditioning, and a one-car garage. The comparables have improvement assessments ranging from \$4,444 to \$4,459 or from \$3.82 to \$3.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 which appears to be an outlier due to its considerably lower assessment than the other comparables in the record. The Board gives less weight to appellant's comparables #2, #3 and #4 which are less similar to the subject in age, dwelling size foundation type and/or lack central air conditioning.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in location, age, size and features. These comparables have improvement assessments ranging from \$4,444 to \$4,459 or from \$3.82 to \$3.84 per square foot of living area. The subject has an improvement assessment of \$4,032 or \$3.47 per square foot of living area, which falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
