

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Creegan
DOCKET NO.: 19-48047.001-R-1
PARCEL NO.: 14-33-300-105-1004

The parties of record before the Property Tax Appeal Board are Thomas Creegan, the appellant(s), by attorney Kelly Schnoor, of KHS Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,208
IMPR.: \$32,042
TOTAL: \$56,250

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit with 24% ownership in the common elements, within a 35-year-old, 6-unit, condominium building located in Chicago, North Chicago Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends contention of law and overvaluation as the bases of the appeal. In support of its market value argument, appellant submitted copies of the Settlement Statement and Multi-Board Residential Real Estate Contract. The Settlement Statement reflects the subject property sold on June 8, 2019, for a purchase price of \$562,500. The Real Estate Contract indicates the offer was accepted on June 10, 2019, and identifies the realtors used in the transaction.

In addition, appellant submitted an appraisal which estimated the subject's market value at \$564,000 for the lien year at issue in the instant appeal. The appraiser utilized the sales comparison approach to estimate the subject's market value. Under the sales comparison approach, the appraiser analyzed four sales in arriving at the estimate of value. Appellant also submitted a copy of the board of review's decision letter reflecting its assessment for the subject property at \$80,642. Based on this evidence, appellant requests the subject property's assessment not to exceed \$56,434.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$80,642 which reflects a market value of \$806,420 using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%. In support of the current assessment, the board of review submitted its condominium analysis results for 2019 report. The board of review analyzed the sales of four units located within the subject building, including the sale of the subject property, that sold between January 2016 and December 2019 for prices ranging from \$562,500 to \$699,000, for a total value of \$2,506,625. This value was divided by the sold units' combined percentage of ownership of 74.60% to arrive at a value for the building of \$3,360,087.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the purchase of the subject property on June 8, 2019, for \$562,500. Appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. Appellant submitted copies of the Settlement Statement and Multi-Board Residential Real Estate Contract. The Settlement Statement reflects the subject property sold on June 8, 2019, for a purchase price of \$562,500. The Real Estate Contract was accepted on June 10, 2019, and identifies the realtors used in the transaction. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. In further support of the correct current market value, the Board also finds the appraisal submitted by appellant to be persuasive. The appellant's appraiser utilized the sales comparison approach in determining the subject's market value and included the recent sale. The Board finds this appraisal to be persuasive because the appraisal discloses that the appraiser inspected the subject, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. Based on this record, the Board finds the subject property had a market value of \$562,500 as of January 1, 2019. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2). A reduction in the subject's assessment commensurate with the sale price is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
