

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Konstantopoulos
DOCKET NO.: 19-48288.001-R-1
PARCEL NO.: 10-33-111-043-0000

The parties of record before the Property Tax Appeal Board are Tom Konstantopoulos, the appellant(s), by attorney Spiro Zarkos G., of Verros Berkshire, P.C. in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,845
IMPR.: \$46,185
TOTAL: \$51,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 49-year-old, two-story, single-family dwelling of masonry construction with 3,411 square feet of living area. Features of the home include: a partial unfinished basement, central air conditioning, and a two-car garage. The property has a 4,845 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables. They were improved with a two-story, single-family dwelling of masonry. The improvements ranged: from 31 to 55 years of age; in size from 3,240 to 3,541 square feet; and in improvement assessment from \$12.15 to \$12.67 per square foot of living area. Amenities include either a full unfinished

basement, a full finished basement with a formal recreation room or a partial finished basement with a formal recreation room, two-car garage, and each property had central air conditioning.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,030. The subject property has an improvement assessment of \$46,185 or \$13.54 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with a two-story, single-family dwelling of masonry construction, located within a block of the subject. The improvements ranged: in age from 49 to 52 years; in size from 2,820 to 3,381 square feet of living area; and in assessment from \$13.80 to \$14.91 per square foot. Amenities include: either a partial unfinished basement or a partial finished basement with a formal recreation room, central air conditioning and a two-car garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be appellant's equity comparable #1 and the board of review equity comparable's #1 through #4. These comparables had improvement assessments that ranged from \$13.80 to \$14.91 per square foot of living area. The subject's improvement assessment of \$13.54 per square foot of living area falls below the range established by the best comparables in this record. The remaining properties were accorded diminished weight due to a disparity in location, exterior construction, size and/or amenities. Based on this evidence the Board finds a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
