

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aaron Share
DOCKET NO.: 19-49081.001-R-1
PARCEL NO.: 10-07-200-025-0000

The parties of record before the Property Tax Appeal Board are Aaron Share, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 48,600
IMPR.: \$ 26,856
TOTAL: \$ 75,456

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2019. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a one-story dwelling of frame and masonry construction with 3,144 square feet of living area. The dwelling is 60 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property's site is 77,760 square feet, and it is located in Niles Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on 11 equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on eight sale comparables. These comparables sold between September 2010 and March 2019 for \$600,000 to \$870,000, or \$207.90 to \$254.39 per square

foot of living area, including land. The appellant also submitted evidence disclosing the subject property was purchased on April 24, 2013 for a price of \$645,000. In Section II of the appeal form, the appellant stated that the subject is owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$75,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$116,820. The subject property has an improvement assessment of \$68,220, or \$21.70 per square foot of living area. The subject's assessment reflects a market value of \$1,168,200, or \$371.56 per square foot of living area, including land, when applying the 2019 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and one sale comparable. This sale comparable sold in June 2016 for \$1,100,000, or \$441.06 per square foot of living area, including land.

In rebuttal, the appellant argued that the board of review's comparables were not similar to the subject for various reasons.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof, and a reduction in the subject's assessment is warranted.

The Board finds that the sale of the subject in April 2013 for a price of \$645,000 is too remote in time to accurately depict the fair cash value for the subject as of the relevant lien date of January 1, 2019. As such, the Board accorded no weight to this sale. The Board finds the best evidence of market value to be appellant sale comparables #7 and #9. These sale comparables sold for prices ranging from \$237.22 to \$254.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$371.56 per square foot of living area, including land, which is above the range established by the best comparables in this record. Based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted. Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed. See Central Nursing Realty, LLC v. Illinois Property Tax Appeal Board, 2020 IL App (1st) 180994, ¶¶ 34-36.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
