

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rada Colakovic, Bankers Trust  
DOCKET NO.: 19-49300.001-R-1  
PARCEL NO.: 32-30-208-029-0000

The parties of record before the Property Tax Appeal Board are Rada Colakovic, Bankers Trust, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 1,446  
**IMPR.:** \$ 1,068  
**TOTAL:** \$ 2,514

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2019. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

**Findings of Fact**

The subject consists of a one and one-half-story single-family dwelling of frame construction with 1,197 square feet of living area. The dwelling is 64 years old. Features of the home include a slab and a two-car garage. The property's site is 6,431 square feet, and it is located in Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five sale comparables. These sale comparables sold between March 2018 and December 2019 for \$21,000 to \$31,000, or \$17.77 to \$25.90 per square foot of living area, including land. In Section II of the appeal form, the appellant stated that the subject is not owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$2,196.

The board of review submitted its “Board of Review Notes on Appeal” disclosing that the total assessment for the subject is \$3,744. The subject’s assessment reflects a market value of \$37,440, or \$31.28 per square foot of living area, including land, when applying the 2019 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and one sale comparable. This sale comparable sold in February 2019 for \$22,000, or \$18.35 per square foot of living area, including land.

In rebuttal, the appellant argued that the board of review’s equity comparables are irrelevant to the appellant’s argument for a reduction based on the subject’s market value. The appellant also argued that board of review sale comparable #3 represents the same property and sale transaction as appellant sale comparable #1, and that this sale transaction supports the appellant’s market value argument. The appellant also requests that the Board use the median sale price per square foot of the best comparables in the record in determining whether the subject is overvalued.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof, and a reduction in the subject’s assessment is warranted.

The Board rejects the appellant’s argument that the Board should use the median sale price per square foot of the best comparables in the record in ascertaining whether the subject is overvalued. First, this argument was only raised during rebuttal, and, therefore, the board of review was not granted an opportunity to challenge this argument. As such, this argument was not made timely. 86 Ill.Admin.Code §1910.66(c) (“Rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties. A party to the appeal shall be precluded from submitting its own case in chief in the guise of rebuttal evidence.”). Second, assuming arguendo that this argument was made timely, the appellant offers no evidence or testimony to support this premise. Instead, the appellant has simply made conclusory statements that are not supported by the record and are not law. For example, the appellant states, “Appellant submits that using a median price/SF analysis is more accurate, and is consistent with the preponderance of the evidence standard...” Arguments regarding the proper method of valuation are legal arguments. Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill.2d 1, 14 15 (1989); Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 226 Ill.2d 36, 51 (2007); Bd. of Review of County of Alexander v. Prop. Tax Appeal Bd., 304 Ill.App.3d 535, 538 (5th Dist. 1999). The appellant has not cited any legal authority in support of this legal argument. Indeed, the appellant has not cited any authority, legal or otherwise, in support of this argument. In short, the appellant seeks to have the Board use a method of valuation that has no support in the record, no basis in law, and was not raised timely. The Board declines the invitation, and gives this argument no weight.

The Board notes that appellant sale comparable #1 and board of review sale comparable #3 represent the same property and sale transaction. The Board finds the best evidence of market value to be all of the sale comparables submitted by the parties. These sale comparables sold for prices ranging from \$17.77 to \$25.90 per square foot of living area, including land. The subject's assessment reflects a market value of \$31.28 per square foot of living area, including land, which is above the range established by the best comparables in this record. Based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
