

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Vendiola
DOCKET NO.: 19-49644.001-R-1
PARCEL NO.: 10-23-317-025-0000

The parties of record before the Property Tax Appeal Board are Kenneth Vendiola, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,856
IMPR.: \$27,205
TOTAL: \$31,061

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,320 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a partial basement with finished area, central air conditioning and a two-car garage. The property has a 4,059 square foot site located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-34 multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,477 to 1,813 square feet of living area. The dwellings range in age from 52 to 63 years old. Each comparable has a partial basement with

finished area, central air conditioning and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$25,524 to \$28,763 or from \$15.51 to \$17.28 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$22,419 or \$16.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,061. The subject property has an improvement assessment of \$27,205 or \$20.61 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,128 to 1,350 square feet of living area. The dwellings are either 56 or 65 years old. Each comparable has a partial basement with finished area and central air conditioning. One comparable has a two-car garage. The comparables have improvement assessments ranging from \$25,707 to \$28,601 or from \$20.92 to \$22.79 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables to the Board for consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 due to their larger dwelling sizes when compared to the subject.

The board finds the best evidence of assessment equity to be the appellant's comparables #4 and the board of review's comparables are similar to the subject in location, class, exterior construction, age, dwelling size and many features, except three of the board of review's comparables lack a garage, in contrast to the subject, requiring upward adjustments to them to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$25,524 to \$28,601 or from \$17.28 to \$22.79 per square foot of living area. The subject's improvement assessment of \$27,205 or \$20.61 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
