

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ioan Banc
DOCKET NO.: 19-50927.001-R-1
PARCEL NO.: 29-34-114-006-0000

The parties of record before the Property Tax Appeal Board are Ioan Banc, the appellant(s), by attorney Joe Huang, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,320
IMPR.: \$380
TOTAL: \$2,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 945 square feet of living area. The dwelling was constructed in the year 1894. Features of the home include a full (unfinished) basement and a two-car garage. The property has a 7,140 square foot site and is located in Thornton, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and assessment inequity. In support of its overvaluation argument the appellant submitted evidence disclosing the subject property was purchased on February 7, 2017, for a price of \$27,000. In Section IV of its Residential Appeal Form, the appellant indicates the subject property was sold on February 7, 2017, for \$27,000, a realtor was used, and the subject property was advertised for sale for 170 days with the multiple listing service. The appellant submitted copies of the MLS listing, Settlement Statement, and

Warranty Deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price. The appellant did not submit any equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,009 with an improvement assessment of \$5,689, or \$6.02 per square foot of living area. The subject's assessment reflects a market value of \$80,090, or \$84.75 per square foot of living area, land included, when using the applicable level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparable sales properties were each improved with a one-story dwelling of either masonry or frame construction. They ranged in living area square footage from 705 to 944 and sold between November 2017 and September 2019 for prices ranging from \$75,000 to \$139,000, or from \$106.38 to \$152.25 per square foot of living area, including land. The board of review included in its grid analysis the sale of the subject property in February 2017 for \$27,000. The comparable properties ranged in assessment per square foot of living area from \$5.74 to \$7.44.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 2017 for a price of \$27,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 170 days. In further support of the transaction the appellant submitted a copy of the settlement statement, MLS listing, and warranty deed. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$27,000 as of January 1, 2019. Since market value has been determined, a reduction in the subject's assessment commensurate with the appellant's request is appropriate. The Board now finds the subject property to be fairly and equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
