

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey McClure  
DOCKET NO.: 19-52560.001-R-1  
PARCEL NO.: 14-33-317-054-1004

The parties of record before the Property Tax Appeal Board are Jeffrey McClure, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,628  
**IMPR.:** \$72,496  
**TOTAL:** \$83,124

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of one-unit in a six-unit condominium building, with a 16.5% total ownership interest in the common elements. The property is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three sale comparables within the subject building that sold between September 2015 and July 2019. The appellant deducted 10.00% from the aggregate sale price to account for personal property. The aggregate sales price, less the personal property deduction, was then divided by the percentage of ownership interest in the common elements of the units sold, multiplied by the percentage ownership of the individual unit to arrive at a total

market value for the subject unit of \$771,923. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$77,192.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,124. The subject's assessment reflects a market value of \$831,240, including land, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted two different condominium analyses. One analysis showed that two units in the subject's building or 29.7% of ownership in the common elements, sold between April 2017 and August 2019 for an aggregate price of \$1,620,000. The aggregate sale price was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for the building of \$5,454,545 multiplied by the percentage of ownership of the subject unit to arrive at a fair market value of \$899,999.

The second analysis showed that three units in the subject's building or 50% of ownership in the common elements, sold between August 2019 and October 2020 for an aggregate price of \$2,625,000. The aggregate sale price was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for the building of \$5,250,000 multiplied by the percentage of ownership of the subject unit to arrive at a fair market value of \$866,250.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

“Real property taxes . . . which are authorized by law to be assessed against and levied upon real property shall be assessed against and levied upon each unit and the owner's corresponding percentage of ownership in the common elements as a tract, and not upon the property as a whole.” 765 ILCS 605/10(a).

The Board finds the best evidence of market value to be all of the appellant's comparables which were also relied on by the board of review in their first analysis. The subject's current assessment of \$83,124, reflects a market value below the market value established by the best comparables in this record. The Board further finds that there was no evidence submitted to show that personal property was included in any of the sale transactions, and that no deduction is warranted for this factor. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
