

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyudmila Gilman  
DOCKET NO.: 19-53295.001-R-1  
PARCEL NO.: 03-02-314-002-0000

The parties of record before the Property Tax Appeal Board are Lyudmila Gilman, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 7,590  
**IMPR.:** \$41,557  
**TOTAL:** \$49,147

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 40-year-old, three-story residential building of masonry construction with 5,796 square feet of building area. The property has a 13,200 square foot site and is located in Wheeling Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the bases of the appeal. In support of these arguments, the appellant submitted information on four suggested equity comparables with sales data on each one of those properties. Those comparables are all six-unit, 42-year-old, residential buildings of masonry construction that range: in size from 5,759 to 5,796 square feet of building area; in improvement assessment from \$6.71 to \$7.02 per square feet of building area; in sale date from December, 2000 to July, 2015; and in sale price from \$52.62 to \$104.38 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,147. The subject property has an improvement assessment of \$41,557 or \$7.17 per square foot of building area. The subject's improvement assessment reflects a market value of \$84.79 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables and four sales comparables. The four equity comparables are all three-story residential buildings with 5,796 square feet of building area of masonry construction that range in age from 40 to 42-years-old, and in improvement assessment from \$7.24 to \$7.79 per square foot of building area. The four sales comparables range: in size from 5,796 to 6,627 square feet of building area; in age from 38 to 44-years-old; in sale date from January, 2018 to June, 2019; in sale price from \$81.48 to \$99.21 per square foot of building area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be all of the board of review's comparables. These comparables sold for prices ranging from \$81.48 to \$99.21 per square foot of building area, including land. The subject's assessment reflects a market value of \$84.79 per square foot of building area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #3, and #4, and the board of review's comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$6.71 to \$7.79 per square foot of building area. The subject's improvement assessment of \$7.17 per square foot of building area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
