

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Panczuk  
DOCKET NO.: 19-53327.001-R-1  
PARCEL NO.: 17-29-323-033-0000

The parties of record before the Property Tax Appeal Board are Robert Panczuk, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,832  
**IMPR.:** \$30,837  
**TOTAL:** \$39,669

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an owner-occupied 2-story dwelling with 2,618 square feet of living area of masonry construction. The dwelling was constructed in 1909. Features include a full unfinished basement, and a 2-car garage. The property has a 2,976 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of these arguments the appellant submitted information on eight equity comparables and four comparable sales. The comparables were improved with dwellings of either frame or masonry construction. The sales occurred from April 2018 to September 2019 for prices ranging from \$150,000 to \$300,000 or \$129.42 to \$253.62 per square foot, including land. The improvements ranged: in age from 7 to 24 years old; in size from 1,026 to 1,320 square feet of

living area; and in improvement assessment from \$17.19 to \$23.68 per square foot. Based on this evidence, the appellant requested an assessment of \$25,949.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,153, with an improvement assessment of \$19,059 or \$7.28 per square foot of living area. The subject's assessment reflects a market value of \$321,530 or \$122.82 per square foot of living area, including land.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with sales data, which all shared the same neighborhood code as the subject. The sales occurred from January 2018 to March 2018 for prices ranging from \$225,000 to \$450,000 or \$157.49 to \$185.96 per square foot, including land. The comparables were improved with either one-story or two-story residences of either masonry or frame construction. The improvement ranged: in age from 130 to 135 years old; in size from 1,708 to 2,700 square feet of living area; and in improvement assessment from of \$8.52 to \$14.71 per square foot.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of market value to be *appellant comparable sales #1, #2, and #3* and *board of review comparable #1, #2, and #4*. These comparables were given greater weight due to their similar exterior construction relative to the subject. These comparables sold for prices ranging from \$129.42 to \$185.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$122.92 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment *is not* justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant comparables #2, #3, #4, #5, #6, #7, and #8* and *board of review comparables #1, #2, and #4*. These comparables were given greater weight due to their similar exterior construction relative to the subject. These comparables had improvement assessments that ranged from \$8.52 to \$20.82 per square foot of living area. The subject's improvement assessment of \$7.28 per square foot of living area falls

below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
