

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leung Kenny & Minchin Lim
DOCKET NO.: 19-53369.001-R-1
PARCEL NO.: 17-28-105-041-0000

The parties of record before the Property Tax Appeal Board are Leung Kenny & Minchin Lim, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,594
IMPR.: \$29,484
TOTAL: \$33,078

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, 11-year-old, townhome of masonry construction with 1,369 square feet of living area. The property has an 817 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, the appellant submitted sales information of four comparable properties that sold between February 2016 and October 2019 for prices ranging between \$280,000 and \$336,500, or from \$204.53 to \$219.14 per square foot of living area. The comparable sales properties were townhomes of either masonry or frame construction, and between 1,369 and 1,548 square feet of living area. In Section II of the appeal form, the appellant stated that the subject is not owner-

occupied. Based on this evidence, the appellant requested a reduction in the subject property's assessment to \$29,192.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$33,078, with an improvement assessment of \$29,484, or \$21.54 per square feet of living area. The subject's assessment reflects a market value of \$330,780, or \$241.62 per square foot of living area when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted four sales comparable properties. The comparable properties were two-story townhomes of either masonry or frame and masonry construction. They ranged: in size between 1,200 and 1,304 square feet of living area; in age between 19 and 49 years; and in sale price between \$270.71 and \$299.22 per square foot of living area. The comparable properties sold between March 2018 and September 2019 for prices between \$335,000 and \$359,061, or from \$270.71 to \$299.22 per square foot of living area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's sale comparable #1 and #2 and board of review comparable #2. These properties sold for prices ranging between \$204.53 to \$270.71 per square foot of living area. The remaining comparables were given less weight due to differences in size. The subject's current assessment of \$241.62 reflects a market value within the market value range established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
