

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ramiro Hernandez  
DOCKET NO.: 19-54767.001-R-1  
PARCEL NO.: 19-12-318-001-0000

The parties of record before the Property Tax Appeal Board are Ramiro Hernandez, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,834  
**IMPR.:** \$15,019  
**TOTAL:** \$19,853

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story building of masonry exterior construction with 5,074 square feet of building area. The building is approximately 89 years old. Features of the building include an unfinished basement. The property has a 5,687 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 4,672 to 5,930 square feet of building area. The buildings range in age from 93 to 96 years old. The comparables each have a basement with one finished with an apartment. Two comparables each

have a 2-car garage. The comparables have improvement assessments ranging from \$12,514 to \$17,537 or from \$2.68 to \$2.96 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$14,309 or \$2.82 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,018. The subject property has an improvement assessment of \$25,185 or \$4.96 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on one equity comparable with the same neighborhood code as the subject property. The comparable is improved with a 2-story class 2-11 building of masonry exterior construction with 3,640 square feet of building area. The building is 105 years old. The comparable has an unfinished basement. The comparable has an improvement assessment of \$41,230 or \$11.32 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted four suggested comparables for the Board's consideration. The Board gives less weight to board of review comparable #1 which differs from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are similar to the subject in age, dwelling size and some features. However, two comparables each have a garage which the subject lacks. Nevertheless, these comparables have improvement assessments ranging from \$12,514 to \$17,537 or from \$2.68 to \$2.96 per square foot of building area. The subject property's improvement assessment of \$25,185 or \$4.96 per square foot of building area falls above the range established by the best comparables in this record and is excessive. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
