

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Len Kasperas
DOCKET NO.: 19-55242.001-R-1 through 19-55242.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Len Kasperas, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
19-55242.001-R-1	20-23-119-050-1001	1,313	21,587	\$22,900
19-55242.002-R-1	20-23-119-050-1002	969	10,631	\$11,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two condominium units within a 10-year-old, multi-story, masonry, three-unit condominium building. The property is located in Chicago, Hyde Park Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal which estimated the subject's market value as of January 1, 2018 of \$345,000 for an as-is value and \$290,000 for a prospective single purchase value. The appellant argued that the subject's assessment should be the prospective value as the appellant both units. The appraiser utilized the sales comparison approach to value to estimate the subject's market value.

Under the sales comparison approach, the appraiser analyzed seven sales in arriving at the estimate of value. The sales properties were one-unit condominium units ranging in size from 1,400 to 2,600 square feet of building area. They sold from April 2015 to July 2017 for prices ranging from \$52.08 to \$88.08 per square foot of building area. After making adjustments for pertinent factors, the appraiser estimated a value for the subject under the sales comparison approach of \$228,800 for unit ending in PIN 1001 and \$115,192 for unit ending in 1002 or a total of \$345,000, rounded.

The board of review submitted its "Board of Review Notes on Appeal." The subject's assessment is \$38,725 which reflects a market value for both units of \$387,250 using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted the 2015 sale of one unit located within the subject building for a total value of \$115,849. This value was divided by the percentage of ownership of the unit sold of 37.79% to arrive at a value for the building of \$306,559.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The Board finds this appraisal to be persuasive because the appraisal discloses that the appraiser inspected the subject, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. However, the Board finds the subject's value is the as-is value for each unit. Although the appellant owns both units, they are owned individually and can be sold individually, and their value should be based on that. Therefore, the Board finds the subject property had a market value of \$345,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
