

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: MJ Cermak, LLC
DOCKET NO.: 19-55456.001-R-1
PARCEL NO.: 24-26-300-071-0000

The parties of record before the Property Tax Appeal Board are MJ Cermak, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,675
IMPR.: \$25,274
TOTAL: \$29,949

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,520 square feet of building area. The building is approximately 46 years old and has a basement finished with a recreation room. The property has an 11,000 square foot site and is located in Alsip, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-11, 2-story multi-family buildings that are 48 or 49 years old. The buildings have either 3,674 or 3,794 square feet of building area. The comparables have improvement assessments ranging from \$18,950 to \$22,304 or from \$5.16 to \$5.88 per square

foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,949. The subject has an improvement assessment of \$25,274 or \$7.18 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property and on the same block as the subject, with three being on the same street as the subject. The comparables are improved with class 2-11, two-story multi-family buildings of masonry exterior construction with each having 3,520 square feet of building area. The buildings are 46 or 48 years old. The comparables have basements, three of which are finished with a recreation room. Two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$25,344 to \$29,294 or from \$7.20 to \$8.32 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables which lack a basement foundation, a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which have basement foundations and are similar to the subject in location, age, design, and building size. These comparables have improvement assessments that range from \$25,344 to \$29,294 or from \$7.20 to \$8.32 per square foot of building area. The subject's improvement assessment of \$25,274 or \$7.18 per square foot of building area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
