

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Staib
DOCKET NO.: 19-55534.001-R-1
PARCEL NO.: 17-06-121-028-0000

The parties of record before the Property Tax Appeal Board are John Staib, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,015
IMPR.: \$69,931
TOTAL: \$84,946

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a favorable decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 115-year old, 3-story multi-family dwelling of masonry exterior construction with 3,870 square feet of living area. Features of the subject include a finished basement and a fireplace. The property has a 3,300 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of 3-story class 2-11 dwellings of masonry exterior construction ranging in size from 3,688 to 3,996 square feet of living area. The homes are 114 to 136 years old. Two comparables have central air conditioning and four comparables each have either a 2-car or 2.5-car garage. The

comparables have improvement assessments ranging from \$54,938 to \$69,620 or from \$13.75 to \$18.07 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,404. The subject property has an improvement assessment of \$90,389 or \$23.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story or 3-story class 2-11 dwellings of masonry exterior construction ranging in size from 2,288 to 3,300 square feet of living area. The homes are 117 to 131 years old. Each dwelling has a basement, with one being finished with an apartment, and two comparables each have a 2-car or 2.5-car garage. The comparables have improvement assessments ranging from \$74,527 to \$187,852 or from \$22.58 to \$82.10 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the board of review's comparables, which differ from the subject in design and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables, which are similar to the subject in age, design, dwelling size, and some features. These comparables have improvement assessments that range from \$54,938 to \$69,620 or from \$13.75 to \$18.07 per square foot of living area. The subject's improvement assessment of \$90,389 or \$23.36 per square foot of living area is above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
