

**AMENDED
FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Weinstein
DOCKET NO.: 19-55676.001-R-1
PARCEL NO.: 14-29-207-042-0000

The parties of record before the Property Tax Appeal Board are Lisa Weinstein, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,154
IMPR.: \$86,192
TOTAL: \$107,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a favorable decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 3,552 square feet of living area. The dwelling is 124 years old. The home features a finished basement. The property has a 3,552 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of two-story or three-story dwellings of frame or masonry exterior construction ranging in size from 3,219 to 3,990 square feet of living area. The homes are 129 to 142 years old. Each dwelling

has a basement, with three having finished area and one having an apartment. One comparable has a two-car garage. The comparables have improvement assessments ranging from \$52,634 to \$73,831 or from \$15.43 to \$18.50 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted evidence reporting the total assessment for the subject of \$113,985. The subject property has an improvement assessment of \$92,831 or \$26.13 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the subject's assessment neighborhood. Comparable #1 is the same property as appellant comparable #2. The comparables consist of two-story or three-story dwellings of frame or masonry exterior construction ranging in size from 2,100 to 3,300 square feet of living area. The dwellings are 120 or 125 years old. Each dwelling has an unfinished basement and one comparable has 2.5-car garage. The comparables have improvement assessments ranging from \$46,314 to \$54,012 or from \$15.95 to \$22.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the appellant's comparable #1 due to its garage, a feature the subject lacks. The Board also gives reduced weight to board of review comparables #2 through #4, which differ from the subject in dwelling size or garage feature.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 through #5 and board of review comparable #1, the shared comparable, which are similar to the subject in age, dwelling size, and some features. These comparables have improvement assessments that range from \$52,634 to \$73,831 or from \$15.95 to \$18.50 per square foot of living area. The subject's improvement assessment of \$92,831 or \$26.13 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
