

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sam Theofanopoulos TNT Property Management
DOCKET NO.: 19-55703.001-R-1
PARCEL NO.: 32-20-428-005-0000

The parties of record before the Property Tax Appeal Board are Sam Theofanopoulos TNT Property Management, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,181
IMPR.: \$6,219
TOTAL: \$7,400

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a final administrative decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling with 1,848 square feet of living area of frame exterior construction. The dwelling was constructed in 1905 and is approximately 114 years old. Features of the home include a basement. The property has a 3,937 square foot site and is located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.63 of a mile from the subject. The parcels range in size from 2,380 to 6,412 square feet of land area and are improved with 2-story, Class 2-11 homes of frame exterior construction ranging in size from 1,656 to 1,976 square feet of living area. The dwellings were built from 1895 to 1912. Each home has a basement. The comparables sold from January to December 2018 for prices ranging from

\$40,000 to \$74,900 or from \$20.24 to \$38.57 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,140. The subject's assessment reflects a market value of \$91,400 or \$49.46 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the same assessment neighborhood code as the subject. The comparables have 3,750 or 7,500 square foot sites that are improved with 2-story, Class 2-11 homes of frame exterior construction ranging in size from 1,554 to 1,936 square feet of living area. The dwellings range in age from 104 to 117 years old. Each home has a basement and a 1-car or a 2-car garage. The comparables sold from September 2018 to December 2019 for prices ranging from \$79,000 to \$107,500 or from \$45.06 to \$55.53 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant argued the board of review's comparables differ from the subject in garage amenity and/or dwelling size.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of six comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables, due to substantial differences from the subject in dwelling size and/or garage amenity. The Board gives less weight to the appellant's comparable #1, which sold for considerably less than the other comparables in this record, indicating this sale was an outlier.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3, which are more similar to the subject in dwelling size, age, site size, location, and features. These comparables sold for prices of \$61,000 and \$74,900 or \$36.84 and \$38.57 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$91,400 or \$49.46 per square foot of living area, including land, which is above the two best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
