

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kristy Styden
DOCKET NO.: 20-00046.001-R-1
PARCEL NO.: 04-28-401-019

The parties of record before the Property Tax Appeal Board are Kristy Styden, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,639
IMPR.: \$64,329
TOTAL: \$69,968

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,772 square feet of living area that was constructed in 1998. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 484 square foot garage. The property has an approximately 7,860 square foot site and is located in Beach Park, Benton Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject, four of which are also located within one mile of the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 1,840 to 1,979 square feet of living area. The homes were built from 1990 to 2005. Each comparable has

an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 420 to 528 square feet of building area. The comparables have improvement assessments that range from \$45,272 to \$68,623 or from \$24.13 to \$34.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$59,612 or \$33.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,968. The subject has an improvement assessment of \$64,329 or \$36.30 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property, two of which are also located within one mile of the subject property. The comparables are improved with two-story dwellings of wood or vinyl siding exterior construction that range in size from 1,752 to 1,792 square feet of living area. The homes were built from 1998 to 2004. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 400 to 736 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$62,638 to \$66,273 or from \$35.35 to \$36.98 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 along with board of review comparables #3, #4 and #5 which are less similar to the subject in dwelling size and/or are located more than one mile from the subject property.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$45,272 to \$64,457 or from \$24.13 to \$36.79 per square foot of living area. The subject's improvement assessment of \$64,329 or \$36.30 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
