

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Valerie Wold  
DOCKET NO.: 20-00051.001-R-1 through 20-00051.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Valerie Wold, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
20-00051.001-R-1	06-04-405-003	3,356	35,270	\$38,626
20-00051.002-R-1	06-04-405-002	3,356	3,230	\$6,586

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two parcels<sup>1</sup> containing a one-story dwelling of wood siding exterior construction with 1,212 square feet of living area. The dwelling was constructed in 1950. Features of the home include a crawl space foundation and a 528 square foot detached garage. The property has a combined site size of approximately 32,400 square feet and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from 0.83 of a mile to 1.87 miles from the subject property. The comparables have sites that range in size from 7,000 to

<sup>1</sup> The Board finds the best description of the subject was reported in the property record cards for each of the subject's two parcels, depicting a dwelling on one parcel and a detached garage on the second parcel. Each of the parcels are reported to have 16,200 square feet of land area.

13,820 square feet of land area and are improved with one-story dwellings of wood siding exterior construction that range in size from 1,048 to 1,355 square feet of living area. The dwellings were built from 1940 to 1949. Each comparable has a crawl space foundation, two comparables each have one fireplace and one comparable has an 848 square foot detached garage. The properties sold from May 2019 to March 2020 for prices ranging from \$66,000 to \$112,000 or from \$62.03 to \$90.55 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's combined total assessment be reduced to \$38,250 which reflects a market value of \$114,761 or \$94.69 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted two "Board of Review Notes on Appeal" disclosing the total combined assessment for the subject of \$45,212. The subject's assessment reflects a market value of \$135,813 or \$112.06 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located from 0.22 of a mile to 1.53 miles from the subject property. The comparables have sites that range in size from 7,490 to 32,400 square feet of land area and are improved with one-story dwellings of wood siding exterior construction that range in size from 1,155 to 1,272 square feet of living area. The homes were built from 1946 to 1954. Four comparables have a crawl space foundation and one comparable has an unfinished basement. Two of the dwellings have central air conditioning. Four of the properties have either one or two garages ranging in size from 336 to 760 square feet of building area. The properties sold from April 2018 to July 2020 for prices ranging from \$150,000 to \$175,000 or from \$126.45 to \$141.34 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #2 which, based on sale price per square foot appears to be an outlier relative to other comparables in the record. The Board gives less weight to the board of review's comparables #1, #3 and #4 which sold in 2018, less proximate in time to the January 1, 2020 assessment date at issue. The Board also gives less weight to the board of review's comparable #5 which has a basement compared to the subject's crawl space foundation.

The Board finds the best evidence of market value to be the remaining four comparables which sold more proximate in time to the January 1, 2020 assessment date and are relatively similar to the subject in age, design, and dwelling size but have varying degrees of similarity to the subject

in location, lot size and garage amenity. These comparables sold from May 2019 to July 2020 for prices ranging from \$94,900 to \$173,000 or from \$71.96 to \$141.34 per square foot of living area, including land. The subject's assessment reflects a market value of \$135,813 or \$112.06 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
