

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Colleen Passolt
DOCKET NO.: 20-00086.001-R-1
PARCEL NO.: 10-24-113-005

The parties of record before the Property Tax Appeal Board are Colleen Passolt, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,591
IMPR.: \$103,063
TOTAL: \$126,654

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,876 square feet of living area. The dwelling was constructed in 1996. Features of the home include a full walkout basement with 1,100 square feet of finished area, central air conditioning, a 792 square foot garage, and an inground swimming pool. The property has an approximately 13,940 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the same assessment neighborhood code as the subject property. The parcels range in size from 12,200 to 18,300 square feet of land area and are improved with 2-story homes of vinyl siding exterior construction ranging in size from 2,724 to 2,776 square feet of living area. The dwellings were built in 1997. Each home has full unfinished basement, central air conditioning, and a garage

with either 420 or 529 square feet of building area. Two homes each have a fireplace. The comparables sold from April 2019 to June 2020 for prices ranging from \$320,000 to \$343,000 or from \$117.47 to \$124.73 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$117,321 which would reflect a market value of \$351,998 or \$122.39 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,654. The subject's assessment reflects a market value of \$380,457 or \$132.29 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject property. The parcels range in size from 12,200 to 15,250 square feet of land area and are improved with 2-story homes of vinyl siding exterior construction ranging in size from 2,081 to 2,755 square feet of living area. The dwellings were built in 1996 or 1997. Each home has a full or partial basement, one of which has 1,246 square feet of finished area, central air conditioning, and a garage ranging in size from 529 to 683 square feet of building area. Three homes each have a fireplace. The comparables sold from February 2019 to July 2020 for prices ranging from \$329,900 to \$389,000 or from \$126.79 to \$180.20 per square foot of living area, including land.

The board of review submitted a brief asserting that the subject is either one of the largest, or the largest, home in the subject's subdivision. The board of review requested confirmation of the subject's assessment, while contending that the evidence supports a slight increase in the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #2, and #3, due to significant differences from the subject in dwelling size.

The Board finds the best evidence of market value to be the appellant's comparables and the board of review's comparables #4 and #5, which are similar to the subject in dwelling size, age, location, and some features, although these comparables have smaller garages than the subject, none has an inground swimming pool like the subject, and only one has finished basement area like the subject, indicating the upward adjustments to these comparables are needed to make

them more similar to the subject. These most similar comparables sold from February 2019 to June 2020 for prices ranging from \$320,000 to \$389,000 or from \$117.47 to \$141.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$380,457 or \$132.29 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
