

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lysett Carrasco
DOCKET NO.: 20-00105.001-R-1
PARCEL NO.: 04-17-202-005

The parties of record before the Property Tax Appeal Board are Lysett Carrasco, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,375
IMPR.: \$37,504
TOTAL: \$41,879

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of aluminum siding exterior construction with 986 square feet of living area. The dwelling was constructed in 1998 and is approximately 22 years old. Features of the home include a lower level with finished area, central air conditioning, and a 465 square foot garage. The property has an approximately 6,435 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables, together with property record cards for these comparables. The comparables are located from 0.23 of a mile to 1.12 miles from the subject property and within the same assessment neighborhood code as the subject property. The parcels range in size from 5,640 to 8,700 square feet of land area and are improved with split-level homes of aluminum siding or wood siding exterior construction ranging in size from 1,048 to 1,184 square feet of living area.

The dwellings range in age from 31 to 59 years old. Each home is reported to have a basement with finished area. Three homes each have central air conditioning and three homes each have a garage with either 440 or 624 square feet of building area. The comparables have improvement assessments ranging from \$27,937 to \$32,963 or from \$23.59 to \$29.63 per square foot of living area.

The appellant also submitted an appraisal for the subject property with a value conclusion of \$81,125 as of December 12, 2014 and submitted sale prices of the equity comparables. Because market value evidence is not responsive to the inequity argument, this evidence shall not be further analyzed or discussed.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$27,115 or \$27.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,879. The subject property has an improvement assessment of \$37,504 or \$38.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.01 of a mile to 1.85 miles from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with split-level homes of aluminum siding or vinyl siding exterior construction ranging in size from 931 to 1,034 square feet of living area. The homes were built from 1997 to 2005. Each home has a lower level with finished area, central air conditioning, and a garage ranging in size from 460 to 576 square feet of building area. The comparables have improvement assessments ranging from \$42,066 to \$43,951 or from \$42.51 to \$46.39 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial differences from the subject in age and/or garage amenity.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$42,066 to \$43,951 or from \$42.51

to \$46.39 per square foot of living area. The subject's improvement assessment of \$37,504 or \$38.04 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
