

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ilona Moroz
DOCKET NO.: 20-00182.001-R-1
PARCEL NO.: 16-23-321-060

The parties of record before the Property Tax Appeal Board are Ilona Moroz, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,509
IMPR.: \$73,566
TOTAL: \$84,075

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story condominium unit of brick exterior construction with 1,529 square feet of living area. The dwelling was constructed in 1982. Features of the home include a concrete slab foundation, central air conditioning, and a fireplace. The property is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the same condominium and assessment neighborhood code as the subject property. The comparables are improved with one-story condominium units of brick exterior construction with 1,529 square feet of living area. The homes were built in 1982. Each home has a concrete slab foundation, central air conditioning, and a fireplace. The comparables sold from March 2015 to July 2017 for prices ranging from \$220,000 to \$248,000 or from \$143.88 to \$162.20 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's

assessment to \$83,682 which would reflect a market value of \$251,071 or \$164.21 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,075. The subject's assessment reflects a market value of \$252,553 or \$165.18 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales. The comparables are located within 0.65 of a mile from the subject property and one comparable is located within the same condominium and assessment neighborhood code as the subject property. The comparables are improved with one-story condominium units of brick exterior construction ranging in size from 1,301 to 1,830 square feet of living area. The dwellings were built in 1981 or 1982. Each home has a concrete slab foundation, central air conditioning, and a fireplace. The comparables sold from May 2019 to April 2020 for prices ranging from \$260,000 to \$341,500 or from \$167.74 to \$211.38 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables, due to their sale dates more remote in time from the January 1, 2020 assessment date. The Board gives less weight to the board of review's comparables #1, #2, and #3, due to significant differences from the subject in dwelling size.

The Board finds the best evidence of market value to be the board of review's comparables #4 and #5, which are similar to the subject in dwelling size, age, location, and most features. These most similar comparables sold in May and September 2019 for prices of \$280,000 and \$260,000 or \$168.67 to \$167.74 per square foot of living area, including land. The subject's assessment reflects a market value of \$252,553 or \$165.18 per square foot of living area, including land, which is below the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
