

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Johnson
DOCKET NO.: 20-00245.001-R-1
PARCEL NO.: 05-25-401-091

The parties of record before the Property Tax Appeal Board are Jason Johnson, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,590
IMPR.: \$79,396
TOTAL: \$91,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,816 square feet of living area. The dwelling was constructed in 2003. Features of the home include a basement, central air conditioning, a fireplace and a 588 square foot garage. The property has a 9,392 square foot site and is located in Round Lake, Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located from .25 of a mile to 1.20 miles from the subject property. The comparables have sites that range in size from 7,200 to 15,359 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,823 to 3,272 square feet of living area. The dwellings were built from 2001 to 2003. The comparables each have a basement, one of which is a walkout design and one

has finished area. Each comparable has central air conditioning and a garage ranging in size from 440 to 650 square feet of building area. Four comparables each have one fireplace. The properties sold from January to July 2019 for prices ranging from \$207,500 to \$275,000 or from \$72.07 to \$95.64 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$81,658, which would reflect a market value of \$244,998 or \$87.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,986. The subject's assessment reflects a market value of \$276,317 or \$98.12 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .39 of a mile from the subject property. The comparables have sites that range in size from 8,490 to 10,724 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,741 to 2,972 square feet of living area. The dwellings were built in 2002 or 2003. The comparables each have a basement, two of which are walkout designs with one having finished area. Each comparable has central air conditioning and a garage ranging in size from 420 to 588 square feet of building area. Four comparables each have one fireplace. Two comparables each have a shed. The properties sold from May to November 2020 for prices ranging from \$267,000 to \$295,000 or from \$94.61 to \$107.62 per square foot of living area, including land.

The board of review asserted that the subject and its comparable #2 and #3 are premium lots. As part of the submission, the board of review provided a photograph of the subject's lot with a handwritten notation that read "subject premium lot backs to open space."

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #2 due to its distant location from the subject being more than one mile away and to the appellant's comparable #4 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are overall most similar to the subject in location, dwelling size, design, age and features. The properties sold from January 2019 to November 2020 for prices ranging from \$207,500 to \$295,000 or from \$72.07 to \$107.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$276,317 or \$98.12 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
