

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Roman
DOCKET NO.: 20-00419.001-R-1
PARCEL NO.: 09-36-108-002

The parties of record before the Property Tax Appeal Board are Nick Roman, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,563
IMPR.: \$66,023
TOTAL: \$80,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of vinyl siding exterior construction with 1,430 square feet of living area. The dwelling was constructed in 1979 and has an effective year built of 1992. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 600 square foot garage. The property has an approximately 20,000 square foot site and is located in Wauconda, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.56 of a mile from the subject property. The comparables have sites that range in size from 20,000 to 44,840 square feet of land area and are improved with either a 1-story or a 1.5-story dwelling of brick, wood siding or brick and wood siding exterior construction that range in size from 1,375 to 2,211 square feet of living area. The dwellings were built from 1960 to 1998. Four comparables have

a basement, three with finished area and one comparable has a crawl space foundation. Four comparables have central air conditioning, four comparables each have one fireplace and each comparable has a garage ranging in size from 462 to 1,295 square feet of building area. The properties sold from January 2018 to February 2020 for prices ranging from \$160,000 to \$330,000 or from \$72.37 to \$163.64 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$71,659 which reflects a market value of \$214,998 or \$150.35 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,586. The subject's assessment reflects a market value of \$242,073 or \$169.28 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 0.05 of a mile to 1.62 miles from the subject property. Board of review comparable #4 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 39,650 to 51,180 square feet of land area and are improved with 1-story dwellings of brick or wood siding exterior construction that range in size from 1,232 to 2,065 square feet of living area. The homes were built from 1962 to 1988 with comparables #1 and #3 having an effective year built of 1986 and 1976, respectively. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 520 to 1,295 square feet of building area. Two comparables each have one fireplace. The properties sold from April 2019 to October 2020 for prices ranging from \$275,000 to \$330,000 or from \$159.81 to \$251.62 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to the appellant's comparables #1, #4 and #5 which differ from the subject in design, foundation type and/or sold in 2018, less proximate to the January 1, 2020 assessment date than other comparables in the record. The Board gives less weight to the board of review's comparable #3 which is located more than 1.50 miles from the subject.

The Board finds the best evidence of market value to be the remaining comparables, including the common property, which sold more proximate to the assessment date at issue and are similar to the subject in location, age/effective age and design but have varying degrees of similarity to

the subject in dwelling size, site size and other features. These properties sold from April 2019 to October 2020 for prices ranging from \$275,000 to \$330,000 or from \$133.43 to \$251.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$242,073 or \$169.28 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record on an overall basis and within the range on a per square foot basis. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
