

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Angelo
DOCKET NO.: 20-00422.001-R-1
PARCEL NO.: 11-29-311-084

The parties of record before the Property Tax Appeal Board are Albert Angelo, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,413
IMPR.: \$117,224
TOTAL: \$139,637

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,774 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 439 square foot garage. The property has an approximately 10,150 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.13 of a mile from the subject property. The comparables have sites that range in size from 5,519 to 13,179 square feet of land area and are improved with two-story dwellings of brick and frame exterior construction that range in size from 2,740 to 2,792 square feet of living area. The dwellings were built in 2000 or 2001. Each comparable has an unfinished basement, central air conditioning and a 439

square foot garage. Four comparables each have one fireplace. The properties sold from February to November 2019 for prices ranging from \$367,500 to \$405,900 or from \$133.44 to \$147.39 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$133,320 which reflects a market value of \$400,000 or \$144.20 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,637. The subject's assessment reflects a market value of \$419,456 or \$151.21 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.30 of a mile from the subject property. The comparables have sites that range in size from 7,400 to 11,580 square feet of land area and are improved with either a one-story or a two-story dwelling of brick exterior construction that range in size from 2,541 to 2,754 square feet of living area and were constructed in 1998. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage with either 439 or 462 square feet of building area. The properties sold from January to October 2020 for prices ranging from \$420,000 to \$428,000 or from \$154.32 to \$168.44 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the board of review comparables #2 and #3 which differ in design when compared to the subject.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold from February 2019 to October 2020 for prices ranging from \$367,500 to \$425,000 or from \$133.44 to \$154.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$419,456 or \$151.21 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
