

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Len Solof
DOCKET NO.: 20-00428.001-R-1
PARCEL NO.: 16-29-419-009

The parties of record before the Property Tax Appeal Board are Len Solof, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,620
IMPR.: \$98,033
TOTAL: \$136,653

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,728 square feet of living area. The dwelling was constructed in 1948. Features of the home include an unfinished basement, central air conditioning and a 440 square foot garage. The property has an approximately 9,110 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.46 of a mile from the subject property. Three of the comparables have sites that range in size from 6,250 to 10,300 square feet of land area. The comparables are improved with either a 1.5-story or a 2-story dwelling with wood siding or brick and wood siding exterior construction that range in size from 1,860 to 2,128 square feet of living area. The dwellings were built from 1900 to 1958 with the

oldest comparable having an effective year built of 1942. Each comparable has a basement, three with finished area and a garage ranging in size from 312 to 744 square feet of building area. Three comparables have central air conditioning and two comparables each have one fireplace. The properties sold from November 2018 to December 2020 for prices ranging from \$347,000 to \$448,000 or from \$163.83 to \$221.66 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$129,654 which reflects a market value of \$389,001 or \$225.12 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,653. The subject's assessment reflects a market value of \$410,493 or \$237.55 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.39 of a mile from the subject property. The comparables have sites that range in size from 6,250 to 17,820 square feet of land area and are improved with either a 1.5-story, a 1.75-story, or a 2-story dwelling with brick, wood siding or brick and wood siding exterior construction. The dwellings range in size from 1,440 to 1,896 square feet of living area and were built from 1900 to 1950. Three comparables have a full or partial basement, with one having finished area and two comparables are reported to have both a basement and a concrete slab foundation. Four comparables have central air conditioning, two comparables each have one fireplace and four properties have a garage ranging in size from 228 to 900 square feet of building area. The properties sold from January 2019 to December 2020 for prices ranging from \$430,000 to \$505,000 or from \$236.98 to \$343.75 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 along with board of review comparables #1 and #5 which differ from the subject in age and/or sold in 2018, less proximate in time to the January 1, 2020 assessment date.

The Board finds the best evidence of market value to be the remaining comparables which sold more proximate in time to the assessment date at issue and are similar to the subject in location and age but have varying degrees of similarity to the subject in design, dwelling size and other features. These comparables sold from January 2019 to December 2020 for prices ranging from

\$412,500 to \$495,000 or from \$210.53 to \$343.75 per square foot of living area, including land. The subject's assessment reflects a market value of \$410,493 or \$237.55 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record on an overall basis and within the range on a per square foot basis. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
