

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ed Tuohy
DOCKET NO.: 20-00433.001-R-1
PARCEL NO.: 06-28-118-016

The parties of record before the Property Tax Appeal Board are Ed Tuohy, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,566
IMPR.: \$25,263
TOTAL: \$31,829

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 864 square feet of living area. The dwelling was constructed in 1962. Features of the home include a crawl space foundation, central air conditioning and a 440 square foot garage. The property has an approximately 4,790 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.39 of a mile from the subject property. The comparables have sites that range in size from 4,360 to 10,450 square feet of land area and are improved with one-story dwellings of wood or vinyl siding exterior construction that range in size from 864 to 984 square feet of living area. The dwellings were

built from 1947 to 1963 with the oldest dwelling having an effective year built of 1976. Each comparable has a crawl space foundation and a garage ranging in size from 440 to 675 square feet of building area. Two comparables have central air conditioning. The properties sold from May 2018 to March 2020 for prices ranging from \$39,000 to \$70,000 or from \$39.63 to \$81.02 per square foot of living area, land included.

The appellant's grid analysis also reported the subject property was purchased on September 5, 2019 for a price of \$84,000 or \$97.22 per square foot of living area, land included and reflected a Sheriff's Deed. Based on this evidence, the appellant requested the subject's assessment be reduced to \$27,997 which reflects a market value of \$83,999 or \$97.22 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,829. The subject's assessment reflects a market value of \$95,611 or \$110.66 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.40 of a mile from the subject property. The comparables have sites that range in size from 4,420 to 5,230 square feet of land area and are improved with one-story dwellings of wood or vinyl siding exterior construction that range in size from 864 to 950 square feet of living area. The homes were built from 1948 to 1975. Comparable #1 has an effective year built of 1980. Three comparables have a crawl space foundation and two comparables have a basement with finished area. Three comparables have central air conditioning and two comparables have a garage with either 528 or 672 square feet of building area. The properties sold from March 2019 to October 2020 for prices ranging from \$104,900 to \$158,590 or from \$121.41 to \$169.43 per square foot of living area, land included. The board of review's grid analysis and property record card for the subject reiterated the September 2019 sale price of the subject property. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #3 which, based on its sale price per square foot, appears to be an outlier relative to the per square foot sale price of other comparables in the record. The Board gives less weight to the appellant's comparable #4 which sold in 2018, less proximate to the January 1, 2020 assessment date than other comparables in the record. The Board gives less

weight to the board of review's comparables #1, #4 and #5 which differ in age/effective age and/or foundation type when compared to the subject.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold from January 2019 to October 2020 for prices ranging from \$58,000 to \$146,000 or from \$67.13 to \$168.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$95,611 or \$110.66 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. The Board further finds no evidence in support of the subject's September 2019 purchase price was submitted by the appellant, nor is a recent sale identified as a basis of this appeal. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
