

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katie Bright
DOCKET NO.: 20-00464.001-R-1
PARCEL NO.: 14-10-308-004

The parties of record before the Property Tax Appeal Board are Katie Bright, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,503
IMPR.: \$149,723
TOTAL: \$182,226

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,394 square feet of living area. The dwelling was constructed in 1988. Features of the home include an unfinished basement, central air conditioning, a fireplace and an 850 square foot garage. The property has an approximately 48,020 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from 0.21 of a mile to 2.40 miles from the subject property. The comparables have sites that range in size from 41,528 to 91,474 square feet of land area and are improved with one-story or two-story dwellings of brick or frame exterior construction that range in size from 3,024 to 3,640 square feet of living area. The dwellings were built from 1979 to 1988. Each comparable has an unfinished basement,

central air conditioning, one or two fireplaces and a garage ranging in size from 782 to 1,038 square feet of building area. The properties sold from December 2018 to December 2020 for prices ranging from \$391,000 to \$490,000 or from \$107.42 to \$162.04 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$153,318 which reflects a market value of \$460,000 or \$135.53 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,226. The subject's assessment reflects a market value of \$547,390 or \$161.28 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 1.25 to 2.41 miles from the subject property. Board of review comparables #3 and #4 are the same properties as the appellant's comparables #4 and #3, respectively. The comparables have sites that range in size from 43,470 to 91,480 square feet of land area and are improved with one-story or two-story dwellings¹ of brick or wood siding exterior construction that range in size from 3,024 to 3,175 square feet of living area. The homes were built from 1979 to 1988. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 782 to 1,038 square feet of building area. The properties sold from August 2019 to December 2020 for prices ranging from \$465,000 to \$550,000 or from \$151.76 to \$175.16 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration, as two properties were common to both parties. The Board gives less weight to the appellant's comparable #2 which sold in 2018, less proximate in time to the January 1, 2020 assessment date than other comparables in the record. The Board gives less weight to the parties' common comparables, appellant comparables #3 and #4 and board of review comparables #3 and #4, which differ from the subject in design, site size and/or age relative to other comparables in the record.

The Board finds the best evidence of market value to be the appellant's comparable #1 and board of review comparables #1 and #2 which are more similar to the subject in age, design, dwelling size, site size and other features. These comparables sold from August 2019 to November 2020

¹ The Board finds board of review comparable #3 to be a two-story dwelling based on the Multiple Listing Service (MLS) sheet on this property which was submitted by the appellant.

for prices ranging from \$391,000 to \$550,000 or from \$107.42 to \$175.16 per square foot of living area, including land. The subject's assessment reflects a market value of \$547,390 or \$161.28 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
