

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Touboran Pek
DOCKET NO.: 20-00469.001-R-1
PARCEL NO.: 06-21-310-025

The parties of record before the Property Tax Appeal Board are Touboran Pek, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,508
IMPR.: \$24,305
TOTAL: \$28,813

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of vinyl siding exterior construction with 1,094 square feet of living area. The dwelling was constructed in 1937. Features of the home include a crawl space foundation, a fireplace and a 280 square foot garage. The property has an approximately 4,390 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales as comparable #4 is a duplicate of comparable #3. The properties are located from 0.58 of a mile to 1.90 miles from the subject and have sites that range in size from 4,990 to 9,030 square feet of land area. The comparables are improved with 1.5-story dwellings of wood or vinyl siding exterior construction that range in size from 1,008 to 1,236 square feet of living area. The dwellings were built from 1910 to 1948

and have effective years built ranging from 1948 to 1955. One comparable has an unfinished basement and three comparables have crawl space foundations. One dwelling has central air conditioning and two of the comparables have a garage with either 365 or 440 square feet of building area. Comparable #3 has an inground swimming pool. The properties sold from January 2019 to January 2020 for prices ranging from \$30,000 to \$75,000 or from \$29.76 to \$61.73 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$20,031 which reflects a market value of \$60,099 or \$54.94 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,813. The subject's assessment reflects a market value of \$86,552 or \$79.11 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located from 0.27 of a mile to 2.03 miles from the subject property. The comparables have sites that range in size from 4,380 to 13,540 square feet of land area and are improved with 1.5-story dwellings of wood or vinyl siding exterior construction that range in size from 1,007 to 1,222 square feet of living area. The homes were built from 1939 to 1949 and have effective years built that range from 1945 to 1971. Three comparables have a crawl space foundation, one comparable has a concrete slab foundation and one comparable has a basement with finished area. One comparable has central air conditioning and three comparables each have a garage ranging in size from 280 to 800 square feet of building area. The properties sold from March 2019 to June 2020 for prices ranging from \$140,000 to \$160,000 or from \$118.66 to \$148.15 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration, as the appellant's comparable #4 was a duplicate of its comparable #3. The Board gives less weight to the appellant's comparable #2, which based on sale price per square foot, appears to be an outlier relative to other comparable sales in the record. The Board also gives less weight to the appellant's comparables #1 and #3 along with board of review comparable #3 which differ from the subject in foundation type and/or have an inground swimming pool which the subject property lacks.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in design, dwelling size and other features, although these properties have varying degrees of similarity to the subject in effective year built and proximity to the subject. These comparables sold from May 2019 to June 2020 for prices ranging from \$56,000 to \$160,000 or from \$52.29 to \$148.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$86,552 or \$79.11 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
