

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Travis Coe
DOCKET NO.: 20-00494.001-R-1
PARCEL NO.: 02-22-209-006

The parties of record before the Property Tax Appeal Board are Travis Coe, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,125
IMPR.: \$87,699
TOTAL: \$95,824

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,852 square feet of living area. The dwelling was constructed in 2017. Features of the home include a basement, central air conditioning, a fireplace and a 420 square foot garage. The property has an approximately 7,798 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .24 miles from the subject. The comparables have sites with 7,797 square feet of land area and are improved with two-story dwellings of wood frame exterior construction that were built in 2018 and 2019. The dwellings range in size from 2,480 to 2,928 square feet of living area. Each comparable has a basement, central air conditioning and a garage ranging in size from 400 to 480 square feet of

building area. The comparables sold from January 2019 to July 2020 for prices ranging from \$245,000 to \$284,273 or from \$89.82 to \$114.52 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,824. The subject's assessment reflects a market value of \$287,846 or \$100.93 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .67 miles from the subject. The comparables have sites wither either 7,800 or 12,750 square feet of land area and are improved with two-story dwellings of wood siding or vinyl siding exterior construction that were built from 2017 to 2019. The dwellings range in size from 2,812 to 3,004 square feet of living area and have basements, one of which is a walkout design. Each comparable has central air conditioning and a garage with 420 square feet of building area. The comparables sold from June 2019 to July 2020 for prices ranging from \$284,273 to \$292,000 or from \$96.53 to \$102.38 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board gives less weight to appellant's comparables #3 and #5 which are less similar in dwelling size to the subject and the parties' remaining comparables.

The Board finds the best evidence of the subject's market value to be the remaining comparables in the record which overall are more similar to the subject in location, age, dwelling size and features. These comparables sold from March 2019 to July 2020 for prices ranging from \$262,990 to \$292,000 or from \$89.82 to \$102.38 per square foot of living area, including land. The subject's assessment reflects a market value of \$287,846 or \$100.92 per square foot of living area, including land, which is within the range established by the best comparable sales in the record. Based on this evidence and after considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value reflected by the assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
