

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Floore
DOCKET NO.: 20-00498.001-R-1
PARCEL NO.: 02-26-401-027

The parties of record before the Property Tax Appeal Board are Brian Floore, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,336
IMPR.: \$49,329
TOTAL: \$57,665

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding and brick exterior construction with 1,102 square feet of above grade living area.¹ The dwelling was constructed in 1979. Features of the home include a lower level with finished area, a fireplace and a 440 square foot garage. The property has an 8,670 square foot site and is located within Lindenhurst, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on two comparable sales located within .34 miles from the subject. Comparable sale #3 was a duplicate of comparable sale #2. The two comparables have sites with either 8,843 or 10,193 square feet of land area and are improved with one-story

dwelling of wood frame exterior construction that were built in 1978 or 1979. The dwellings have 1,128 or 1,296 square feet of above grade living area. Each comparable has central air conditioning, one comparable has a fireplace and each comparable has a garage with 440 or 462 square feet of building area. The comparables sold in January 2019 and February 2020 for prices of \$162,500 and \$192,000 or \$144.06 and \$148.15 per square foot of above grade living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,665. The subject's assessment reflects a market value of \$173,220 or \$157.19 per square foot of above grade living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .76 miles from the subject. The comparables have sites with either 9,000 or 10,040 square feet of land area and are improved with tri-level dwellings of wood siding exterior construction that were built in 1979 or 1986. The dwellings range in size from 1,144 to 1,200 square feet of above grade living area. The comparables each have a lower level, two of which have finished area. Each comparable has central air conditioning and a garage with 480 or 576 square feet of building area. Two comparables each have one fireplace. The comparables sold from July 2019 to August 2020 for prices ranging from \$215,000 to \$225,000 or from \$179.17 to \$196.34 per square foot of above grade living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five suggested comparable sales for the Board's consideration that are relatively similar to the subject in location, age, dwelling size and features. However, each comparable has central air conditioning unlike the subject. Nevertheless, these comparables sold from January 2019 to August 2020 for prices ranging from \$162,500 to \$225,000 or from \$144.06 to \$196.34 per square foot of above grade living area, including land. The subject's assessment reflects a market value of \$173,220 or \$157.19 per square foot of above grade living area, including land, which is within the range established by the comparable sales in the record. Based on this evidence and after considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
