

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Kukla  
DOCKET NO.: 20-00539.001-R-1  
PARCEL NO.: 10-23-414-029

The parties of record before the Property Tax Appeal Board are William Kukla, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,878  
**IMPR.:** \$39,252  
**TOTAL:** \$48,130

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story condominium dwelling with vinyl siding exterior construction containing 1,122 square feet of living area. The dwelling was constructed in 1991 and features a crawl-space foundation. Other features include central air conditioning and an attached 288 square foot garage. The property is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis containing six comparable sales that are located from .03 to .16 of a mile from the subject. The comparables are improved with two-story condominium dwellings containing 1,304 or 1,346 square feet of living area. The dwellings were built in 1991 or 1992. The comparables have central air conditioning, a fireplace and a 288 square foot

garage. The comparables sold from January to October 2019 for prices ranging from \$153,200 to \$168,000 or from \$117.48 to \$125.61 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,130. The subject's assessment reflects a market value of \$144,578 or \$128.86 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .03 to .04 of a mile from the subject. The comparables are improved with two-story condominium dwellings containing 1,122 square feet of living area. The dwellings were built in 1991 or 1992. The comparables have central air conditioning and a 288 square foot garage. The comparables sold from April to October 2019 for prices ranging from \$145,000 to \$150,000 or from \$129.23 to \$133.69 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables due to their differences in dwelling size and features, when compared to the subject. The Board finds the board of review's comparables are nearly identical to the subject in location, style, age, size and features. These comparables sold from April to October 2019 for prices ranging from \$145,000 to \$150,000 or from \$129.23 to \$133.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$144,578 or \$128.86 per square foot of living area, including land, which below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is well supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
