

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergio Arias  
DOCKET NO.: 20-00546.001-R-1  
PARCEL NO.: 10-25-106-022

The parties of record before the Property Tax Appeal Board are Sergio Arias, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,596  
**IMPR.:** \$55,397  
**TOTAL:** \$65,993

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling with vinyl siding exterior containing 1,218 square feet of living area. The dwelling was constructed in 1971. Features of the home include a crawl-space foundation, central air conditioning and a detached 672 square foot garage. The property has a 6,710 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis containing six comparable sales that are located from .32 to .78 of a mile from the subject. The comparables have sites ranging in size from 7,283 to 14,087 square feet of land area that are improved with one-story dwellings containing from 1,066 to 1,339 square feet of living area. The dwellings were built from 1956 to 1958 and have central air conditioning. One comparable has a fireplace and five comparables have a garage ranging in

size from 440 to 572 square feet of building area. The comparables sold from April 2019 to July 2020 for prices ranging from \$165,000 to \$210,000 or from \$153.77 to \$181.99 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,993. The subject's assessment reflects a market value of \$198,237 or \$162.76 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .01 to .81 of a mile from the subject. The comparables have sites ranging in size from 6,700 to 8,220 square feet of land area that are improved with one-story dwellings containing from 1,066 to 1,131 square feet of living area. The dwellings were built from 1961 to 1971. Two of the comparables have partially finished basements and one comparable has a slab foundation. The comparables have central air conditioning and a garage ranging in size from 299 to 720 square feet of building area. The comparables sold from January 2019 to May 2020 for prices ranging from \$200,000 to \$207,000 or from \$177.78 to \$194.18 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables #1 and #3, due to their partially finished basements, when compared to the subject's crawl-space foundation. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject; however, the appellant's comparables have older dwellings, when compared to the subject. Nevertheless, the parties' best comparables sold from January 2019 to July 2020 for prices ranging from \$165,000 to \$210,000 or from \$153.77 to \$182.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$198,237 or \$162.76 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
