

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Hemmer
DOCKET NO.: 20-00593.001-R-1
PARCEL NO.: 10-26-411-003

The parties of record before the Property Tax Appeal Board are Steve Hemmer, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,527
IMPR.: \$112,293
TOTAL: \$140,820

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of vinyl siding exterior construction containing 3,202 square feet of living area. The dwelling was built in 1994. Features of the home include a full basement that is partially finished, central air conditioning, one fireplace and an attached garage with 692 square feet of building area. The property has a site with approximately 13,070 square feet of land area and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales improved with two-story dwellings that range in size from 2,658 to 3,036 square feet of living area. The homes were built from 1992 to 1995. Each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size from 443 to 682 square feet of building area. The comparables have sites ranging

in size from 11,761 to 16,583 square feet of land area and are located from .02 to .64 of one mile from the subject property. The sales occurred from February 2019 to May 2020 for prices ranging from \$320,000 to \$389,000 or from \$108.37 to \$137.49 per square foot of living area, including land. The appellant requested the subject's total assessment be reduced to \$129,134.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,820. The subject's assessment reflects a market value of \$423,010 or \$132.11 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales with comparable #2 being the same property as appellant's comparable #5. The comparable sales are improved with two-story dwellings with vinyl siding exteriors that range in size from 2,662 to 2,917 square feet of living area. The homes were built from 1991 to 1994. Each comparable has a full or partial basement with two having finished area, central air conditioning, and an attached garage ranging in size from 443 to 682 square feet of building area. Three comparables each have one fireplace. The comparables have sites ranging in size from 10,000 to 19,220 square feet of land area and are located from approximately .07 to .51 of one mile from the subject property. The sales occurred from April 2019 to November 2020 for prices ranging from \$370,000 to \$395,000 or from \$129.87 to \$146.95 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparable sales submitted by the parties to support their respective positions with one comparable being common to the parties. The comparables are similar to the subject in location, land area, dwelling age, style and most features. The subject has a dwelling larger than the comparables with 3,202 square feet of living area whereas the comparables range in size from 2,658 to 3,036 square feet of living area. These properties sold for prices ranging from \$320,000 to \$395,000 or from \$108.37 to \$146.95 per square foot of living area, land included. The subject's assessment reflects a market value of \$423,010 or \$132.11 per square foot of living area, including land, which is above the overall price range, which is due in part to the subject's dwelling larger size in relation to these properties, but within the range on a per square foot of living area basis as established by the comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
