

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Singh Gullapalli
DOCKET NO.: 20-00614.001-R-1
PARCEL NO.: 06-04-209-004

The parties of record before the Property Tax Appeal Board are Singh Gullapalli, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,625
IMPR.: \$80,156
TOTAL: \$92,781

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,634 square feet of living area. The dwelling was constructed in 2000. Features of the home include a basement finished with a recreation, central air conditioning, a fireplace and a 496 square foot garage.¹ The property has an approximately 8,280 square foot site and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on six comparable sales with the same assessment neighborhood code as the subject and located within .30 of a mile from the subject property. The comparables

¹ The Board finds the best description of the subject dwelling is found in the property record card presented by the board of review disclosing the subject's basement is finished with a 1,070 square foot recreation room, which was not reported by the appellant.

have sites that range in size from 7,841 to 8,712 square feet of land area. The comparables are improved with two-story dwellings of wood frame exterior construction ranging in size from 2,590 to 3,028 square feet of living area. The dwellings were built from 1996 to 1999. Each comparable has a basement, central air conditioning and a garage ranging in size from 380 to 653 square feet of building area. Five comparables each have one fireplace. The properties sold from May 2019 to May 2020 for prices ranging from \$248,000 to \$293,000 or from \$90.48 to \$108.26 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$89,547, which would reflect a market value of \$268,668 or \$102.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,781. The subject's assessment reflects a market value of \$278,705 or \$105.81 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .50 of a mile from the subject property. The comparables have sites that range in size from 8,710 to 11,330 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,552 to 2,666 square feet of living area. The dwellings were built from 1997 to 2001. The comparables each have a basement, three of which are finished with a recreation room. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 440 to 496 square feet of building area. The properties sold from January 2019 to September 2020 for prices ranging from \$282,000 to \$309,000 or from \$110.50 to \$118.55 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eleven suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #2 and #3 as none of the dwellings were reported to have a basement recreation room like the subject dwelling.

The Board finds the best evidence of market value to be board of review comparables #1, #4 and #5. These three comparables are overall more similar to the subject in location, dwelling size, design, age and most features. The properties sold from July to September 2020 for prices ranging from \$300,000 to \$309,000 or from \$115.30 to \$118.55 per square foot of living area,

including land. The subject's assessment reflects a market value of \$278,705 or \$105.81 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. Therefore, based on this record, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
