

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Rubbino  
DOCKET NO.: 20-00625.001-R-1  
PARCEL NO.: 06-12-101-005

The parties of record before the Property Tax Appeal Board are Daniel Rubbino, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,184  
**IMPR.:** \$81,047  
**TOTAL:** \$97,231

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,587 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 484 square foot garage.<sup>1</sup> The property has a 14,810 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .18 of a mile from the subject property. The comparables have sites that range in size from 13,504 to 15,246 square feet of land area. The

<sup>1</sup> The Board finds the subject's property record card provided by the board of review revealed the subject dwelling has a basement finished with an 816 square foot recreation room, which was not reported by the appellant.

comparables are improved with two-story dwellings of wood frame exterior construction ranging in size from 2,542 to 2,908 square feet of living area. The dwellings were built in 1993 or 1995. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 567 to 714 square feet of building area. The comparables sold from April to July 2018 for prices ranging from \$280,000 to \$326,000 or from \$104.69 to \$112.10 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$93,123, which would reflect a market value of \$279,397 or \$108.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,231. The subject's assessment reflects a market value of \$292,073 or \$112.90 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within .97 of a mile from the subject property, two of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 12,200 to 19,600 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,515 to 2,766 square feet of living area. The dwellings were built from 1993 to 2000. The comparables each have a basement, three of which are finished with a recreation room. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 420 to 660 square feet of building area. The comparables sold from May 2019 to September 2020 for prices ranging from \$305,000 to \$325,000 or from \$115.79 to \$127.24 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables as their 2018 sale dates occurred less proximate in time to the January 1, 2020 assessment date at issue than the comparable sales presented by the board of review.

The Board finds the best evidence of market value to be the board of review comparables, which sold most proximate in time to the assessment date at issue and are relatively similar to the subject in location, dwelling size, design, age and features. The comparables sold from May 2019 to September 2020 for prices ranging from \$305,000 to \$325,000 or from \$115.79 to \$127.24 per square foot of living area, including land. The subject's assessment reflects a market

value of \$292,073 or \$112.90 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. Therefore, based on this record, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
